Rally Pacific Motorsport – Regional Director and RPM President’s Report

1996 marked the beginning of a new era for rallysport in the Province of British Columbia. Under the sanctioning of the Canadian Association for Rallysport (CARS) - Rally Pacific Motorsports (RPM) was formed to become the governing body for administration of rallysport in BC . This brought together like minds and visions within the BC rally community. Rally veterans from the 60’s and 70’s came and shared wisdom and knowledge with this new board, which has to-date, diligently and collectively restored the stature of rallysport in BC.

The tenure of Paul Westwick, as our regional director and president since the inception of RPM, has brought 10 years of solid leadership and sound guidance to the organizations in BC. Rallysport in BC owes its fantastic growth to Paul’s dedicated enthusiasm towards the promotion and administration of the sport.

It is with great pleasure to announce that Paul Westwick had been nominated at this year’s CARS AGM and voted by the Board of the Canadian Association of Rallysport to become the successor of the CARS presidential position from Terry Epp. Rallysport will continue to grow and expand in leaps and bounds under the new guidance of our new president.

In light of his new position, Paul had resigned as the president of RPM and regional director of BC. As the Vice President of RPM, this has brought about my taking on the position that Paul has resign from.

As your new president of RPM, it is my intention to continue the spirit of the drive for growth and focus of the vision and promotion of the sport in BC. I hope to be able to best represent you and the sport in BC as a board member of the Canadian Association of Rallysport.

I look forward to serving you and the sport. Do not hesitate to contact RPM or myself regarding your interests and concerns for the sport.

I humbly remain yours,

Ken Kwong
RPM – President
CARS - Regional Director of BC
